

OTR

TYRES WHEELS AXLES

OTR GROUP COMPANY OVERVIEW

LOCAL PEOPLE WITH WITH EXPERT KNOWLEDGE

With over 40 years experience in the tyre industry in Western Australia, Robert Williams, Michael Stupar and Darryl Bentley founded OTR Tyres to offer personalised, friendly service coupled with the added value of local knowledge. A business built on the core values of integrity, customer service and getting the job done safely. The OTR family consists of a growing team of tyre and wheel service technicians, sales and administration support staff; all committed to offering the best experience to every customer.

In April 2022 OTR Tyres acquired Titan Australia's operations to become OTR Australia, leading the way in tyre, wheel and axle sales and manufacturing for the Mining, Construction and Agricultural sectors. With over 100 years experience and as the only manufacturer with the ability to design, test and manufacture wheels, tyres, and axles components for agriculture, construction, forestry and mining, OTR - Tyres Wheel Axles has a unique, competitive advantage as a complete solutions provider.

With a nation-wide network of sales distribution & service hubs including tyre and wheel service centre's and wheel & axle manufacturing facilities, OTR - Tyres Wheel Axles is the only 'one stop shop' full ground contact solution provider that can truly make a difference to our customers' bottom-line.

OTR provide complete customer support service, including tyre, wheel and axle sourcing, management and onsite/offsite service, as well as in-house repair/certification for wheels by fully qualified personnel in accordance with applicable Australian Standards.

WHEELS

OTR - Tyres Wheel Axles is the market leader in the design, development and manufacture of wheels to the agricultural, construction &

mining industry. OTR also provides complete in-house wheel & rim inspection, repair and certification services by fully qualified personnel in accordance AS:4457.1-2007 and related Australian Standards in Western Australia, Queensland, New South Wales & Victoria.

Made In Australia

Supplying some of the worlds most respected companies, including Caterpillar, Rio Tinto, Glencore, BHP, FMG, Thiess, BIS Industries and BGC, OTR - Tyres Wheel Axles's state of the art facilities in Brisbane and Mildura are renowned for quality, expertise, service and delivery.

OEM Fitment On CAT® 793F & 797F Mining Trucks

OTR's Quick Change Rim (QCR) solutions include various designs including our patented OVM wheel system used by Caterpillar as the QCR system of choice on their 793F and 797F ultra-class mining trucks.

The Quick Change Rim System (QCR) is designed to improve mine site productivity by minimizing downtime associated with tyre servicing/rotation and to improve safety for tyre service personnel. The QCR System provides an increased crack test interval, longer rim life, improved safety and fewer rim based remove/install procedures during tyre changes.

Caterpillar offers the QCR System fitted to all six wheel positions and is available as an attachment option for both the 793F and 797F at the OEM level.

TYRES

As tyre specialists we are more than just tyre dealers or suppliers – wherever you are and whatever your vehicle or fleet, we are your total tyre services team.

Our knowledge of the Australian market and global tyre brands is second to none. We also understand the unique challenges of the

Australian environment, whether you own one vehicle or you are responsible for an entire fleet of industrial, mining, construction or agricultural vehicles.

When you combine this with our range of tyre products and services it sets the benchmark for quality and responsiveness.

TYRE FITTING SERVICES

OTR - Tyres Wheel Axles are the OTR tyre and rim maintenance service provider of choice to a diverse client base dominated by mining companies, civil contractors, transport & Logistics Operators and OEM equipment suppliers.

WHEELS - TYRES - AXLES

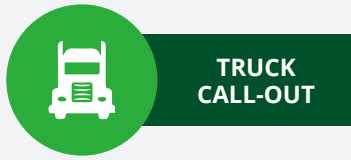

Manufactured In Australia

Manufactured in Mildura VIC, & Yatala QLD, OTR - Tyres Wheel Axles offers a complete range of wheels, from 6" through to 63" in diameter, including fixed welded wheels, adjustable bolted tractor wheels, demountable (spider mount) rim options and clip-on dual applications. OTR - Tyres Wheel Axles also carries a complete axle assembly and spare parts range tailored to suit the needs of our national OEM and aftermarket customers.

In a fast-moving industry, OTR - Tyres Wheel Axles is ahead of the curve with its revolutionary technology that is now available in the Australian market.

CUSTOM MANUFACTURING MADE IN AUSTRALIA FOR AUSTRALIAN CONDITIONS

"I have a penchant for quality and reliability, they provide me both and as such, I have developed a close working relationship with the guys at OTR - Tyres Wheel Axles."

**BRENTON LAWLESS
WUNGHNU,
VICTORIA**

"I was lucky enough to speak with the team at OTR. They were very helpful and assisted me greatly with the loading of the piece. I traveled home safely and very happy with what was held for me. I just wanted to say a big thank you."

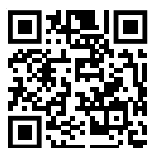

**PAUL JOHNSON
MUSWELLBROOK,
NEW SOUTH WALES**

"The LSW 1250/35R46 Goodyear's preformed as I expected of the tyre and more. The next FWD tractor I buy will defiantly be fitted with LSW tyres."

**DARREN KEEFFE
MOORA,
WESTERN AUSTRALIA**

"Brenton went above and beyond to help us out. Without his help and service, we would have lost a day or 2 in the field, costing us precious time and more importantly money."

**HARRY JACKMANN
LOXTON,
SOUTH AUSTRALIA**
